Please list any and all activities that may cause conflicts on this page. Since we consider the amount of time you have available to rehearse the part in which you are cast, we must know what other obligations and commitments you have.

Regardless of the part you are cast in, please understand that you must be available for the dress and tech rehearsals and entire production week of the show.

This schedule is accurate to the best of my knowledge. I understand that I need to attend all rehearsals and if I cannot, I need to speak to my director as soon as I am aware. I understand that the schedule is my responsibility, and failure to meet commitments may result in the removal from the cast.
